Rx Instructions: _____ Dates of Pet(s) stay: _____

Vaccine Expiration Dates

Canine: Rabies _____ DHPP/DHLPP _____ Bordetella _____
Feline: Rabies _____ Intestinal Parasite Evaluation Date: _____
FVRCP _____

Medication

Pets requiring routine medication will be medicated for an additional \$6.00/day. Involved medication needs will be quoted on an individual basis. Pets requiring insulin shots will be charged \$6.00/injection. Medication required on Sunday or Holidays will be charged an "Intensive Care" charge of \$15.00 per day in addition to the daily medication charge.

Treatment

Any illness or problem observed during your pet's stay will be treated. Appropriate fees will be charged for tests, medications, treatments or surgery as needed.

Parasite-Free Boarding

All pets **must** be free of parasites. Boarders having intestinal parasites will be treated at the owner's expense. If fleas are present, a Frontline treatment will be given at owner's expense when the pet is admitted.

Vaccination Protocol

For the safety of our boarders, we require that all vaccines be current prior to boarding. Dogs must be current on DHLPP, Rabies and Bordetella. Cats must be current on FVRCP and Rabies.

Diet

If your pet requires a special diet, please provide both the food required for your pet and the appropriate instructions. We feed Canine and Feline Purina Premium dry diets.

Additional Services

If you are interested in additional services during your pet's stay, please mark the service below.

Bath _____ Nail Trim _____

Standards Of Care

We board pets as a service to our clients strictly on a **reservation basis**. Each pet is housed in an individual kennel or run, unless specified by Owner. On a daily basis kennels are cleaned and disinfected and pets are supplied with fresh, clean bedding. Dogs are exercised **at least two times daily**. *Be aware that your pet will be exposed to a new and possibly stressful environment. There is always the potential that your pet may be exposed to an illness while boarding.* We make **every** effort to prevent such problems by requiring vaccinations and isolating animals that show signs of illness in an isolation ward.

Payment is due at the time of your pet's discharge from the boarding facility.

I have read and understand the policies and risks stated above and agree to them.
